Erin Decker personally agreed to pay \$10,000 to settle a defamation lawsuit filed against her for a post on the Republican Party website. This could have been resolved for \$2,500 but her pride and the fact that she was spending somebody else's money kept this going. Like she does politically, she put her own goals over the party.

As a CPA in this community I spent a significant amount of money to hold Erin accountable for her actions - much more than the \$10,000 settlement. For years she has hid behind websites, anonymous names and friends who would sign her numerous complaints as discovered in the various depositions during the case. In fact, the only complaint she did sign was one she thought was anonymous.

Early on I supported Erin Decker and considered her a friend. I saw the ugly dark side come out of her just because I supported a different political candidate. In her mind any means justifies the end. Throughout all of this, I learned she is a liar and cheat and has no integrity. Kenosha County deserves better.
